EDUCATION

Birla Institute of Technology and Sciences, Pilani

Aug 2017 - May 2022

B.E. Civil Engineering | M.Sc. Chemistry

WORK EXPERIENCE

Product Manager | Newme

Sep 2024 - Present

Growth

- Defined product vision and roadmap for **NEWME's rewards program** end-to-end, driving **8% uplift in M3 retention** through cross-functional execution with engineering, design, and analytics
- Built and scaled a **referral program**, driving **+12% signups** and **+3% daily orders** with positive CM2 impact
- Own end-to-end strategy and execution for **new user conversion** across web & mobile app
- Designed an offer engine powered by CleverTap webhook events, enabling automated, segment-based sales campaigns and personalized offer distribution at scale
- Designed cohort-based offer strategies (session-wise & time-based upgrades) improving **Day 0 conversion by ~10%**
- Ran structured A/B experiments on checkout improving **checkout to order by 5%**

Post Purchase & Customer Experience

- Led **post-purchase experience** (returns, exchanges, delivery, support) to elevate customer experience
- Drove 3rd party payment integrations across **3 gateways**, standardizing refund flows and reducing queries by **40%**
- Spearheaded implementation of an automated support workflow (bot + ticketing), partnering with engineering and Customer Support and operations teams to improve query resolution rate from 20% → 65% and CSAT from 2.5 → 3.6

B2B & Platform Products

- Built an end-to-end Inventory Management and POS system for retail store operations, defining product requirements, user flows, and rollout strategy in collaboration with engineering, design, and business teams
- Optimized the Auto Replenishment System (ARS), driving 30%+ improvement in operational planning efficiency through process automation and data-driven insights

Associate Product Manager | Spinny

Aug 2023 - Aug 2024

- Designed dealer-facing price negotiation workflow, driving 15% more price requests and 7% higher acceptance rate through iterative UX improvements
- Led consumer retention marketing initiatives, achieving ₹10L monthly cost savings while improving WhatsApp chatbot response rates by 40% and CTR by 10%
- Worked on Spinny Auctions rebrand to Spinny Partners, building a website that improved **new onboarding by 12%**
- Built a standardized car rating system to improve dealer decision-making, rolled out across all operations
- Optimized interstate deliveries with Google Maps integration, **removing 5% dealer back-outs**

Associate Product Manager | Anarock CRM

Jun 2022 - Aug 2023

- Shipped app and CRM enhancements for CP and brokers, driving onboarding of 8 enterprise clients and ₹4L ARR
- Defined product roadmap for internal invoicing module, leading a pod of 6 across engineering, design, and QA
